Wheelchair Scale
with Easy-Access Ramps

- 1,000 lb / 300 kg Capacity
- Optional Wi-Fi for EMR/EHR
- Sturdy Steel Construction

1,000-lb/300-kg CAPACITY

Ideal for Bariatric Weighing

Detecto's 7550 Wheelchair Scale folds up compact against the wall to conserve floor space when not in use.

- Compact Vertical Fold-Up Platform Conserves Space
- Pushbutton and Keypad Tare for Wheelchair Weights
- Accommodates Some Sizes of Power Wheelchairs
- May be Used on Carpet or Hard Floor Surfaces
- ISO 9001:2008
- RS232 Serial and USB Ports Standard
- Body Mass Index Calculation
- Optional Printer Available

Detecto's model 7550 wheelchair scale features a unique fold-up storage design that saves space when not in use.

The 7550 easily accommodates most wheelchairs, and yet requires very little floor space when folded up. The slim 6.6-inch / 17-cm profile takes up minimal space when installed in a medical facility hallway, clinical office, or patient room. When you're ready to weigh, simply lower the platform and the gas spring lifting mechanism will gently lower it into place. The patient may be easily rolled onto the scale, and a platform lip will hold the wheelchair securely in place for weighing.

Slim 6.6-inch / 17-cm Compact Profile

MOUNTS SECURELY TO A WALL FOR STORAGE

Compact Storage

After use, the 7550 may be folded up vertically to conserve space. Patients may be weighed in a wheelchair, chair, or standing.

Optional Wi-Fi

EFFICIENT MEASUREMENT

The 7550's MedVue® weight indicator is the clinical industry's most advanced, featuring EMR/EHR-ready serial, USB, and optional Wi-Fi connectivity, BMI calculation, yellow "quick keys" for basic weighing, and a multi-line LCD display. The scale is powered by 6 C batteries (not included) or optional AC adapter.

model 7550 Wall-Mount Fold-up WHEELCHAIR SCALES

DETECTO is the largest medical scale manufacturer in the United States providing clinical-grade accuracy and dependability for over 113 years.

The 7550's 1.5-inch/38-mm high platform is very low to the ground for easy patient access. This makes the process simple and minimal effort required in order to roll a patient on and off the weighing platform.

Capacity	1,000 lb x 0.2 lb / 300 kg x 0.1 kg
Platform Size (Flat Portion)	32.3 in W x 33 in D x 1.5 in H / 81.9 cm W x 83.9 cm D x 3.8 cm H
